UNRAVELED: PRESCRIPTIONS TO REPAIR A BROKEN HEALTH CARE SYSTEM (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. Original. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Every one of us has experienced health care, but too many times, the experience has not been good. Perhaps our records have been lost or the physician is rushed and abrupt, spending more time looking at the computer than talking to us. Perhaps we are made to get tests we dont need or treatments that arent fully explained, treatments we might not have gotten if we had been fully informed about risks, benefits, and alternatives. And then we get an incomprehensible bill usually, many different bills that leaves us confused, frustrated, and in the worst cases, looking at a dire personal financial crisis. Why is that? Why, when the U.S. spends more on health care than any country in the world, cant we get it right? In Unraveled, physicians William B. Weeks and James N. Weinstein look at the health care experience through the eyes of patients and prescribe practical, effective remedies for a dysfunctional system. They offer simple steps that patients can take now to ensure that their care is effective, efficient, and satisfying, and that they have the information necessary to make the best health care decisions for themselves and their families. With easy-to-understand language and real-life examples, they explain how and why the health system works as it does, and what we can do to fix it. And they give a glimpse of a not-too-distant future where care will be built around the needs of the patients and delivered conveniently, seamlessly, with greater effectiveness and at lower cost. Its a future that offers greater satisfaction for patients AND for their providers, many of whom now feel trapped by an overly complex, bureaucratic...
