Science, Technology, and Freedom,

By Willis H. Truitt, T. W. Graham Solomons (eds.)

Houghton Mifflin,, Boston, MA, 1974. Soft Cover/Good/Minor Shelf We. Book Condition: Very Good/No Marks. 1st Edition Softcover, This is a Good, Unused, Copy in very good condition but for a minor amount of shelf wear on the cover. The book is a collection of readings selected from diverse sources and they are presented in four sections: Science, Technology and Cultures; The Origins and History of Science; Science and Technology: The Moral and Political Issues; and, Science, Technology amd Environment. There are contrasting points of view all aimed at shedding light upon the impact of science and technology on modern society. A good collection of material for the thoughtful reader or public policy advisor. At minimum, there are some arguments which remain fully relevant as technology dominates life and, most recently, politics.
